

# CITY OF MIDLAND SEWER RATES

## WHAT YOU SHOULD KNOW

### New rates are in effect for 2014.

The 2014 sewer structure creates more equity among customers: your fee is based on the amount of wastewater you discharge into the City's system. This charge is based on winter water usage, when outdoor watering is less likely.

### SEWER RATES

	2013	2014
<b>Residential Flat Rate</b> (includes Apartments)	<b>\$17.82</b>	
<b>All Customers Monthly Base Rate</b> (includes first 2,000 gallons)		<b>\$17.65</b>
<b>All Customers per 1,000 gallons</b> (after first 2,000 gallons)		<b>\$0.71</b>

THE CHARGE FOR RESIDENTIAL CUSTOMERS IS BASED ON THEIR WINTER AVERAGE.
